Dear Mr. Lekas:

Re: Proposed Reclamation of Evaporation Pond #3, Geokinetics Inc., Seep Ridge Project, M/047/002, Uintah County, Utah

The Division is in receipt of your September 20, 1991 letter outlining the proposed reclamation plan for Evaporation Pond #3. Division staff performed an inspection of the Seep Ridge site on October 25, 1991 with Mr. Jim Lekas.

The proposed reclamation is essentially the same procedure used previously to reclaim the other two ponds. The Division has no concerns with this proposal and offers its approval. You may perform this reclamation at your earliest convenience, provided this proposal meets with the approval of the Department of Environmental Quality.

This letter is meant to document the Division's position which had previously been expressed verbally while at the site and over the phone. If you have any questions in this regard please contact me or Tony Gallegos of my staff.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
